## SHANGHAI FORUM

### TIME:

Oct 27 – Oct 29

### ABOUT:

Shanghai Forum strives to bring together talented individuals and experts from around the world to engage in discussions on current issues in Asia, with the goal of fostering consensus and strengthening cooperation. As one of the most influential international forums held in Shanghai, it extends invitations to government institutions, prominent enterprises, leading universities, renowned think tanks, and mainstream media representatives from various nations. Established in 2005, the forum is hosted by Fudan University and the Korean Choi Jung-hyun Academy, and organized annually by the Fudan Development Institute.

## SHANGHAI MASTER FORUM ON SCIENCE

### FREQUENCY:

1-2 sessions per semester

### ABOUT:

Shanghai Master Forum on Science provides a platform for the best scientists in the world to share ideas and perspectives that push the frontiers of science. Its objective is to help build Shanghai into a global center for scientific and technological innovation by fostering ideas with global impact. The event, initiated and guided by the Shanghai Municipal Committee of the Chinese People's Political Consultative Conference (CPPCC), is held three to four times a year. It is jointly sponsored by the Science and Education Committee of the Shanghai Municipal Committee of CPPCC, Fudan University, the Science and Technology Committee of CPC in Shanghai, the Shanghai Municipal Science and Technology Commission, and the Shanghai Association for Science and Technology. It is hosted by Fudan University with the support of the World Laureates Association.

## GUANGHUA FORUM

### FREQUENCY:

1-2 sessions per semester

### ABOUT:

The Guanghua Forum invites local leaders, heads of key state-owned enterprises, technical professionals, and model workers across diverse fields to deliver talks on current issues and the latest developments in the country. The aim is to provide students with insights into ongoing events in China. Sponsored by the Party Committee Student Work Department, the forum is committed to enriching the social awareness of Fudan undergraduates and strengthening their national engagement. It is conducted three to four times annually.

## XIANGHUI LECTURE SERIES

### TIME:

Oct & May

### ABOUT:

The Xianghui Lecture Series is designed to foster academic exchanges, featuring top experts and scholars from various fields who deliver high-quality lectures. Tailored to the academic interests of graduate students, the topics cover a spectrum from research methods and academic integrity to cutting-edge scientific and technological advancements and trending social issues. Sponsored by the Graduate School and its Student Work Department, the series is organized by the Graduate Students' Union and takes place 2-3 times a year.

## STARS FORUM

### FREQUENCY:

30 sessions per year

### ABOUT:

Organized by the Student Union, the Stars Forum series includes the Stars Lectures, the Stars Summits, and the Stars Salons. At the heart of this series, the Stars Lectures feature esteemed speakers providing expert perspectives on current issues. With over a hundred speakers from diverse fields having shared their expertise, these lectures serve as a dynamic platform, offering our students a profound understanding of the evolving trends.

## FUQING ACADEMY

### FREQUENCY:

1-2 sessions per semester

### ABOUT:

Organized by the Office of Medical Student Affairs, Fuqing Academy invites renowned educators and experts to give lectures. These sessions, centered around value education, are designed to ignite academic curiosity among medical students. The objectives include cultivating a passion for learning, establishing clear career goals, and guiding them to become skilled professionals that society requires.

# DOCTORAL FORUM OF FUDAN UNIVERSITY

TIME:

Sept – Dec

## ABOUT:

Hosted by Fudan University Graduate School and Graduate Student Affairs Department, the Doctoral Forum of Fudan University aims to build a platform for academic exchange offering invaluable guidance for research in the new era. Marking its 18th session, the forum has encouraged students to innovate, heightened their academic awareness, and fostered interdisciplinary communication and collaboration.
